Solutions - Nitrate Testers

DO YOU KNOW IF **WHAT**
YOU AND YOUR FAMILY
ARE EATING IS SAFE?

With rising levels of toxicity in the world around us it is more important than ever to know what you and your family are exposed to and the effects on your health and well being.

Studies have shown that high nitrate consumption in our diets can contribute to a number of health problems for both young and old.

So how can you check if your family's food is safe?

SOLUTION

A portable Nitrate Tester to test Nitrates in Fruit, Vegetable, Meat & Water as well as background radiation.
